1. Movies**

Food Chains – Tuesday, April 4th:
A powerful and shocking picture about what feeds our country. This powerful true story of one small group of workers overcoming corporate greed to end slavery and abuse in America's fields will inspire you to demand your food be fair! (83 minutes)

Minimalism: A Documentary About the Important Things – Tuesday, May 2nd:
How might your life be better with less? “Minimalism: A Documentary About the Important Things” examines the many degrees of minimalism by taking the audience inside the lives of minimalists from all walks of life whom are striving to live a meaningful life with less. (79 minutes)

Fat, Sick, & Nearly Dead 2 – Tuesday, June 6th:
What began as the story of one man, is now a story about millions. Since more than 20 million people have saw part 1 Joe realized there is still a lot for him to learn about becoming healthy and staying that way. “Fat, Sick & Nearly Dead 2” taps into the positive change that is sweeping the world when it comes to what we eat. As Joe sets out to learn how to be healthy in an unhealthy world, he talks to a wide range of experts, follows up with folks from the first film, and connects with new people along the way. Each one helps Joe learn that healthy eating is only one aspect of living a healthy life. (95 minutes)

8. Vein Disease: Causes, Symptoms and Management**:
The veins in your body play an important role in circulation, carrying blood from various parts of your body back to your heart. Yet, as people age, problems can develop in the veins that can cause a variety of complications. Early symptoms may seem minor, but they can become more serious if they are not treated. Dr. Aybar will talk about the causes and symptoms of Vein Disease and address treatment options and management of the disease.

Wednesday, May 17th, 2-3pm
Instructor: Luis Aybar, MD,
Department of Internal Medicine, Mount Sinai Beth Israel
Location: Mount Sinai Downtown Union Square
(formerly Phillips Ambulatory Care Center)
10 Union Square East at 14th Street
Friedman Conference Center, 2nd Floor

9. Migraines: Triggers, Causes and Treatment**
Everyone either knows someone who suffers from migraines or struggles with migraines themselves. A majority of people do not realize how serious and debilitating a migraine can be and how it is not just a bad headache. Dr. Sheikh will discuss what is a migraine, causes and triggers, and the different ways to treat it, including natural vs medications.

Friday, May 19th, 1:30-2:30pm
Instructor: Huma Sheikh, MD,
Department of Neurology, Mount Sinai Beth Israel
Location: Mount Sinai Downtown Union Square
(formerly Phillips Ambulatory Care Center)
10 Union Square East at 14th Street
Friedman Conference Center, 2nd Floor

JUNE

10. Eye Health and Aging**
Cataracts, glaucoma, macular degeneration and diabetic retinopathy are four main causes of vision loss as we age. Dr. Banik will discuss causes, symptoms, prevention and treatment options for each.

Friday, June 9th, 2:30-3:30pm
Instructor: Rudrani Banik, MD,
Department of Ophthalmology, New York Eye and Ear Infirmary of Mount Sinai
Location: Mount Sinai Downtown Union Square
(formerly Phillips Ambulatory Care Center)
10 Union Square East at 14th Street
Friedman Conference Center, 2nd Floor

11. True or False: Nutrition Fads**
Diet, exercise and nutrition are hot topics these days. With a surplus of information available, it can be confusing to navigate fact from fiction and hard to gain a sustainable nutrition plan. Jessica will discuss the steps to eating healthy and making sure you are receiving the nutrients necessary for optimal health and long-term success, while busting a few myths along the way.

Thursday, June 15th, 1-2pm
Instructor: Jessica Laifer, MS, RDN,
Department of Clinical Nutrition, Mount Sinai Beth Israel
Location: Mount Sinai Downtown Union Square
(formerly Phillips Ambulatory Care Center)
10 Union Square East at 14th Street
Friedman Conference Center, 2nd Floor
